

## Heritage Lottery Fund and Big Lottery Fund statement – Crystal Palace Park

Wednesday 8 January 2014

### Statement

The Heritage Lottery Fund (HLF) and Big Lottery Fund (BIG) have assessed a £4.5m application from the London Borough of Bromley to their joint parks programme for the restoration of Crystal Palace Park. After careful consideration in a highly competitive round, it was decided that they were unable to support the project.

Sue Bowers, Head of HLF London, said on behalf of HLF and BIG:

“Whilst this project has good potential, news of proposed plans of a multi-million pound private investment into rebuilding the Crystal Palace, including the full restoration of the park, meant that at this time our trustees felt this application was a lower priority for Lottery investment. In addition, it was in a competitive round of applications that was more than two times oversubscribed.”

### Background

- In 1998, Bromley Council received an HLF grant towards repairs and restoration of a number of historic elements in the south-east corner of the park, including dinosaurs, a boating lake and a cricket ground.
- The first phase was successfully completed 10 years ago and these proposals are part of the second phase.
